We will need to have the first set of ornaments ready for that event.

Jocularly

- People who wonder whether the glass is half empty or half full are missing the point...The glass is refillable.

- They say every piece of chocolate eaten shortens your life by two minutes. I've done the math. Seems I died in 1537.
- Most people don't think I'm as old as I am until they hear me stand up.
- I don't always go the extra mile, but when I do it's because I've missed my exit.
- I used to eat a lot of natural foods until I learned that most people die of natural causes.
- How important does a person have to be before they are considered assassinated instead of just murdered?
- Why do you have to "put your two cents in"... but it's only a "penny for your thoughts"? Where's that extra penny going?
- Once you're in heaven, do you get stuck wearing the clothes you were buried in for eternity?
- What disease did cured ham actually have?

Pre-meeting Classes

The next class, in May 2024, will be a class taught by Fran Marsh doing crosses. The class will start at 4:00 PM.
